Good Evening,

Welcome to Snow Ball a White House holiday. I would like to say THANK YOU to each one of you that was able to make it tonight. I want to extend a heartfelt thank you to the Empresses that came before me, 50 years is a big accomplishment. If it was not for you, we would not be where we are today, or where I would be today. This night I want to be as memorable for you as much as it is for me. For someone that grew up in a small town in Colorado, I would not have imagined being in this moment. Please cherish tonight and each other, especially this time of year. Let us put our differences aside and enjoy the evening.

A White House Holiday, a theme I chose that brings me so much joy! The sheer class and beauty of how they decorate the peoples house for the holidays truly inspires me. It brings people from around the country and the world to see the peoples house decked out in its finest. The White House represents this country; the country I love, the country I served while in the world's finest Navy. So, tonight is a way I could bring the joy that the White House holidays gave me and the joy I had serving our country and you! This community that I now serve as Empress, thank you for believing in me. Now, let's have our own class filled night of sheer beauty for the holidays. Let us give thanks to those who have served and continue to serve around the world.

The White House adorns different themed trees throughout the people's house. Tonight, I have chosen to do the same. However, there is one tree that means a lot to me. I wanted to include a special touch for my sister Empresses, a tree that represents them! I have asked each Empress to bring an ornament that represents who they are to adorn the Empress tree.

Snow Ball 50 is a benefit for the Colorado Health Network. I have chosen this charity that has done so much and continues to work so hard for the community! Let's continue to support them, as they support us.

I would like to thank my Emperor Goliath Steel. I am truly blessed to have shared this reign with you. You are a true class act and a hard-working person. I would not trade this experience for anything. To Prince 50 Josh, you bring joy and happiness to this reign. You have had some setbacks, but you have not let those get you down. To my PrinceX 50, Tommy Sexton, I could not be more thankful for you! You are one in a million and I am just so happy to get to share this reign with you. We will always be family, whether it be part of the Sexton family or Navy family, family forever. To the 50th Anniversary Family, each one of you brings something different to the table and continue share your light with the community. I am humbled by your dedication and thankful for each one of you. I could not do this without you! Let's continue to make a difference in the community.

Lastly to my sister, my best Judy, Godmother to reign 50 Star Kirkland; THANK YOU for making this night more than I could have imagined. To the 50th anniversary Grand Dutchess Caryn, Godfather Roger, PrinceX Tommy, thank you for making the ideas I had for this night come to light. You have made this a night to truly remember.

Also let's take a moment to remember those that we lost from Club Q. We are one family, lets stand together show love to them.

To My Beautiful Empress,

There are Points in our reign that are very special to cross and this is definitely one of them. I'm so proud of our family and what we have all done to get us to this point, We should be very proud of all the hard work and dedication put into this journey to get us here. To reflect on where we both started, I had little to no relationship or idea of the beautiful person I was going to be connected to (For Life!). I'm so blessed to have you, your ideas and passions fill in the gaps that I am not equipped with. Sounds cheesy but you really do complete me and I want to celebrate tonight with you and everything you bring to this community. We are all lucky to have you and you should know I'm your biggest cheerleader in this family. Let us stop & enjoy the here and now tonight with you understanding the gifts we all share together.

**Cheers To This Moment In Time With You My Other Half,
His Most Imperial Majesty
Goliath Steel**

**Three Cheers For Empress
50 Sophia M Sexton!
May tonight be every-
thing you have dreamed.**

**Thank You for all your service to this country!
When the water gets rough, always lead with
love and light... it will never fail you.
It has never failed us.**

Dear friends & family and allies of the Mile High LGBTQIA+ community,

I hope this letter finds you well this holiday season, filled with the warmth of love and acceptance that we all deserve. As your reigning Prince 50, I wanted to take a moment to express my gratitude support, and dedication to the members, participants and patrons of ICRME.

Over the years, our organization has strived to create a safe and inclusive space for all individuals. We have worked to offer support, resources, and a platform for the community. But all of this could have not been done without the help of the people who blazed a path before us. Thank you to the College of Monarchs, the College of Cardinals, the Board of Directors and countless others who have donated their time and money to benefit the community and those in need.

To our current reigning monarchs, Thank you for your time and dedication to the organization. Getting to know you and work with you is a honor.

Allowing me space to create an impact and share my voice is a gift I'm so appreciative of. Prince Royale, Thank you for walking this path with me.

Thank you so much to our line members. I cannot express my gratitude and appreciation for all the hard work that you do. I see you, and I'm impressed by all the things we have accomplished together. To all the beautiful people who mentor me, inspire me, help me, and even kick my a**. I'd be nothing without you!!! Forsake of not being as long as a CVS receipt, I can't name you all. From the bottom of my heart thank you for being the Love & Light in my rein and my life!

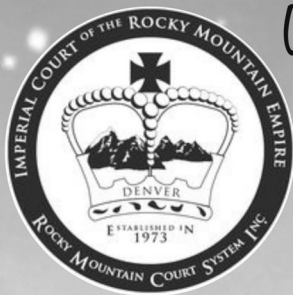

In the face of any adversity or challenges that the LGBTQIA+ community may encounter, we will remain a steadfast advocate. Our commitment to promoting a world free of discrimination and prejudice is unwavering. Together, we can make meaningful progress toward a society that celebrates and values diversity in all its beautiful forms.

I invite you to connect with us and explore the many ways we can be of service to you and your loved ones. As we move forward, I'm are eager to listen and learn from your experiences and needs. I encourage open dialogue and collaboration to ensure our work and our voices are invaluable.
